by Maestri di Luce

The Italian Tailor-Made

1 9 7 2  
FULL MADE IN ITALY

## DESIGN E ALTO ARTIGIANATO

Realizziamo prodotti interamente fatti a mano, dalle forme pulite ed elaborate. Il processo di lavorazione si basa sull' utilizzo di tutte le tecnologie più avanzate oggi a disposizione. Grazie ad un impianto industriale moderno ed efficiente, comprendente un reparto finitura e verniciatura con polveri epossidiche cotte a forno a 180° C, escono dall' azienda creazioni con effetti cromatici tecnicamente all'avanguardia. Un particolare importante: possiamo realizzare la finitura galvanica in oro 24k, Ottone e Cromo su acciaio 316.

### Design and high craftsmanship

We manufacture products made entirely by hand, with clean and elaborate lines. The production process is based on the use of the most advanced technologies available today. We are equipped with an efficient and modern industrial plant with a high quality finishing and painting department, allowing us to create products with splendid chromatic effects. We can produce a 24k gold, brass and chrome plating finish on 316 steel.

## LA LUCE DEL MADE IN ITALY

Marchetti è un'azienda che da più di quarant'anni fa dello stile la sua profonda ragione d'essere, fondendolo con vigore e maestria allo spirito manifatturiero che da sempre contraddistingue la famiglia e la sua storia. Una storia italiana raccontata da chi crede fermamente nel "Full Made in Italy" come valore imprescindibile della qualità e dell'eleganza. Ed è per questo che Marchetti si presenta ai mercati internazionali con una serie di progetti inediti, illustrati nelle pagine seguenti, con in più la capacità di realizzare prodotti 100% custom, trasformando i desideri del cliente o l'idea del designer in opere d'arte luminose, grazie al proprio reparto di ingegnerizzazione che ne studierà tutti i dettagli costruttivi e risolverà ogni problematica tecnica. Il tutto mantenendo l'antica Maestria Artigiana e la maniacale cura dei dettagli.

### The light of made in Italy

For more than forty years Marchetti has created his own style, blending it with the vigour and mastery of the entrepreneurial spirit that has always distinguished the family and its story: an Italian story firmly based on the indispensable quality and elegance of "Full Made in Italy". And this is why Marchetti presents itself to international markets with a series of original projects, illustrated in the following pages, with the added ability to create 100% custom products, transforming the client's wishes or the designer's ideas into luminous works of art, thanks to its in-house engineering department that studies every construction detail and resolves any technical issues. All this while maintaining time-honored craftsmanship and obsessive attention to detail, allowing us to create products with splendid chromatic effects. We can produce a 24k gold, brass and chrome plating finish on 316 steel.

# ICEBERG

Design: **Maestri di Luce lab**

*Rompi il ghiaccio, accendi lo stupore.  
La collezione ICEBERG fonde la matericità dei cristalli "ghiacciati"  
con il calore dell'ottone, creando sculture luminose dal fascino  
magnetico. Non illuminare semplicemente i tuoi spazi,  
vestili di puro lusso contemporaneo con un'eleganza che lascia  
senza fiato.*

On request dimmable and dynamic white

Anelli di acciaio forgiato con dimensioni diverse e realizzabili su misura come un abito sartoriale di alta moda. La fantasia del progettista può contare sulle dimensioni e su cristalli di ineguagliabile bellezza. Sono cristalli WATER CRISTAL che illuminati dalla luce indiretta del led assumono una luce ed un effetto unico. WATER CRYSTAL nasce dalla sperimentazione della Marchetti Lab. Un processo chimico che imprigiona l'acqua nel cristallo, che soffiata con azoto la cristallizza creando dei meravigliosi effetti. Le finiture sono molteplici, foglia oro, foglia argento, foglia rame, tutta lavorata a mano, inoltre oro galvanico satinato spazzolato. Illuminazione led.

Forged steel rings with different sizes and made to measure tailoring as a high fashion dress. The designer imagination can count on the size of crystals of exceptional beauty. The WATER CRISTAL that illuminated by indirect light of the LEDs create an unique effect. WATER CRYSTAL effect arises from the experimentation of Marchetti Lab. A special chemical process that traps the water into the crystal, that blown with nitrogen crystallizes, creating marvelous effects. The finishes are gold leaf, silver leaf, copper leaf, all made by hand, also galvanic brushed satin gold. LED Lighting.

La leggerezza del tubo di vetro soffiato, si unisce alla forza di una struttura in acciaio piegata dalla mano dell'uomo e lavorata per assumere forme e dimensioni che assecondano le fantasie creative di chi ama creare. Le curve, i tratti lineari. Le forme ovali o circolari, i semicerchi, possono essere posizionati a varie altezze, creando strutture di grande effetto. Le finiture sono molteplici ed esclusivamente realizzate internamente. L'illuminazione è con speciale strip led all'interno della struttura con chip orientati a 90° così da illuminare il vetro in modo omogeneo.

The lightness of blown glass tube, joins the strength of a steel structure bent by the hand of man and machined to assume shapes and sizes that follow the creative fantasies of those who love to create. The curves, the linear stretches. The oval or circular shapes, semi circles, can be positioned at various heights, creating large effect structures. The finishes are varied and exclusively internally generated. The lighting is with Special LED strip inside the structure with chips facing 90° to create a uniform light for all glass tubes.

Cristallo sfaccettato / Faced Crystal

Una collezione di acqua cristallina. Niagara rievoca un vortice di acqua cristallina e nelle sue eleganti linee si veste di cristallo di boemia dalle forme semplici e raffinatissimo nella lavorazione, con molteplici sfaccettature che ne esaltano l'effetto arcobaleno. Niagara con le preziose finiture del metallo e la rapsodia del cristallo di boemia è la sintesi perfetta di trasparenza e ricercatezza.

A crystalline water collection. Niagara reveals a vortex of crystalline water and in its elegant lines it dresses of crystal of bohemia from simple forms and very refined in processing, with multiple facets that enhance the rainbow effect. Niagara with the precious metal finishes and the rhapsody of the bohemian crystal is the perfect synthesis of transparencies and refinement.

La purezza del cristallo incastonato in fasce di acciaio a specchio, crea anelli di varie dimensioni illuminati internamente. La struttura riflette una luce bellissima e policroma poiché i cristalli sono incastonati uno accanto all'altro, e l'acciaio a specchio ne aumenta il riflesso. Gli attacchi lampade sono LED.

The purity of crystal embedded in mirror steel bands, creates rings of various sizes internally lighted. The structure reflects a beautiful and polychrome light because the crystals are embedded into the structure, and the steel mirror increases the reflection. The lampholder is LED.

## LAMPADE PER HOTEL E AMBIENTI RESIDENZIALI

Collezioni di lampade eleganti e ricercate, create per ambienti votati all'accoglienza di una clientela che ama la raffinatezza di oggetti esclusivi e mai eccessivi. Ogni oggetto ha una sua particolarità che ne garantisce l'unicità del design e della lavorazione. Onice e vetro di Murano legati a materiali antichi e sempre ben accetti come il ferro forgiato e il bronzo, sapientemente lavorati e battuti a mano dalle nostre maestranze. Le nostre lampade sono il meglio della tradizione artigiana che si sposa perfettamente con le moderne tecnologie di finitura dei metalli realizzata internamente con verniciature epossidiche a forno e con impianto di galvanica interna accurata in ogni fase del processo. Tutto Made in Italy.

### Lamps for hotels and residential environments

Collections of elegant and luxury lamps, created for welcoming environments of a client that loves the refinement of exclusive and never excessive objects. Each object has its own peculiarity which guarantees the uniqueness of the design and the workmanship. Onyx and Murano glass linked to ancient materials and always well accepted as forged iron and brass, expertly worked and beaten by hand by our workers. Our lamps are the best of the artisan tradition that fits perfectly with the modern technologies of metal finishing made internally with epoxy varnishes and with an accurate internal electroplating system at every stage of the process. All made in Italy.

Un tratto semplice e funzionale, utilizzando il led all'interno di tubi di policarbonato bianco latte, senza avere nessuna ombra all'interno degli stessi con parti in metallo tornito con finiture attuali ed eleganti. Tubo in metacrilato illuminato uniformemente dal led.

A simple and functional stretch, using special led inside milky white polycarbonate tubes, without having any shadow inside them. real 360° of pure light, the metal parts are made with precious finishes. Methacrylate tube uniformly illuminated by led.
